

Greetings dear FISTS

I'm afraid not much to add this month. I am still QRT, maybe this will change but it seems doubtful. I hope you are still enjoying your radio and the cooler weather is seeing you looking longingly at your valves!! I still miss my beloved T1154 and R1154, but that's long gone...

Jean F6JOE	Low participation this month. 73 Jean F6JOE
Simon G0FOZ	Missed the first Sunday this month as I was travelling on the continent. 40M was a mess in the evening of the 27th but a few regulars were logged and then I retired to 80M for some more points. :-) CUSN 73 Simon G0FOZ
Paul G0OER	13 September - a reasonably lively evening 27 September - poor inter-G working
Robin G4DNP	Operating as I/G4DNP from Pescara, Italy running 3 watts (QCX) Best 73 Robin
John G4YTJ	The evening sessions seemed markedly poor for inter-G working this month. Only three QSOs on the 13th and I gave up on 27th. On the RBN I had no reports less than 220miles and nearly all with signal to noise ratios in single digits so I went and talked to the XYL instead!
Steve M0SHM	Noisy bands at the moment with signals stronger on 80m now.
Pete M5ABN	Log for September, Vy 73 Pete
Alan MW0BGL	Please find attached my entry for September's ladder. I found conditions were a bit more favourable overall this month; at least in the afternoon sessions. Thanks to all the stations I worked during the ladder sessions. 73, Alan Mw0bgl 16507
